Wrought Iron & Decorative Glass
Door & Window Inserts

Axis

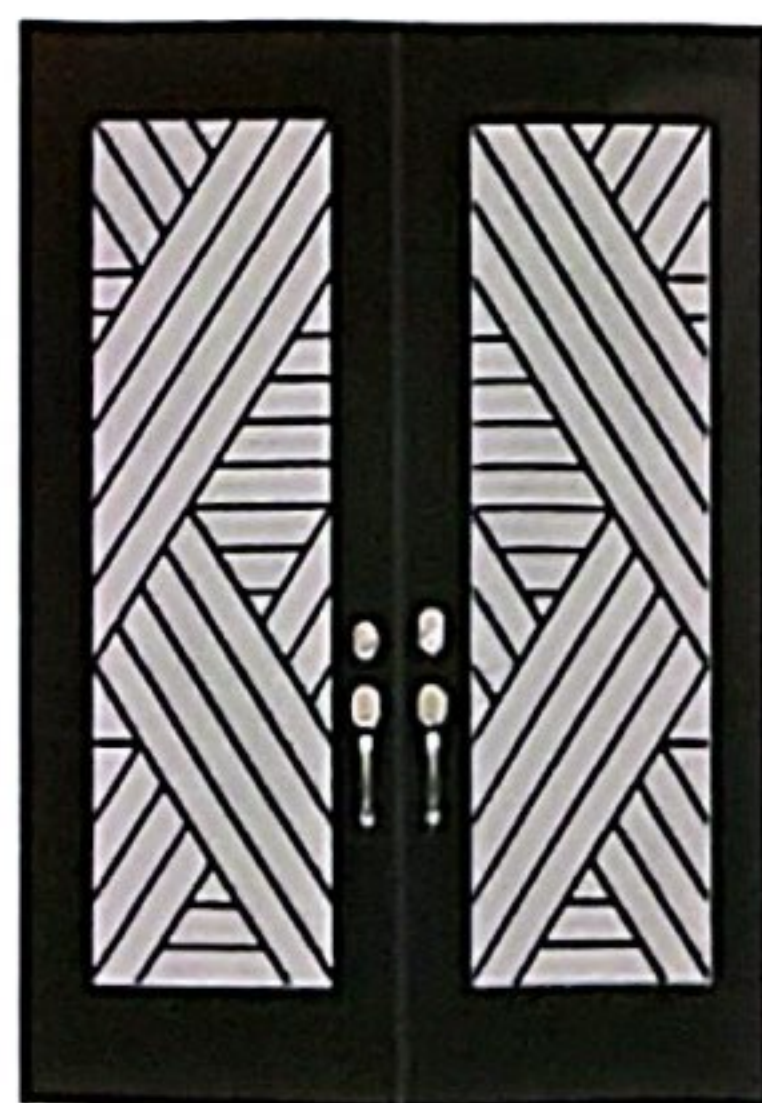

Axis

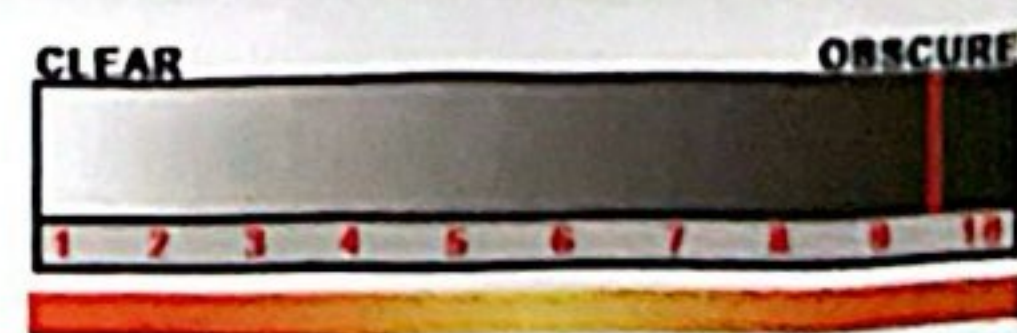

An interwoven solid wrought iron design offering modern stylish appeal with a good deal of security.

22x64

22x80

A photograph of a large, dark-framed double door with intricate circular metalwork, set in a stone wall. To the right is a smaller, light-colored door with similar circular patterns. Two black lantern-style light fixtures are mounted on the wall above the main door.

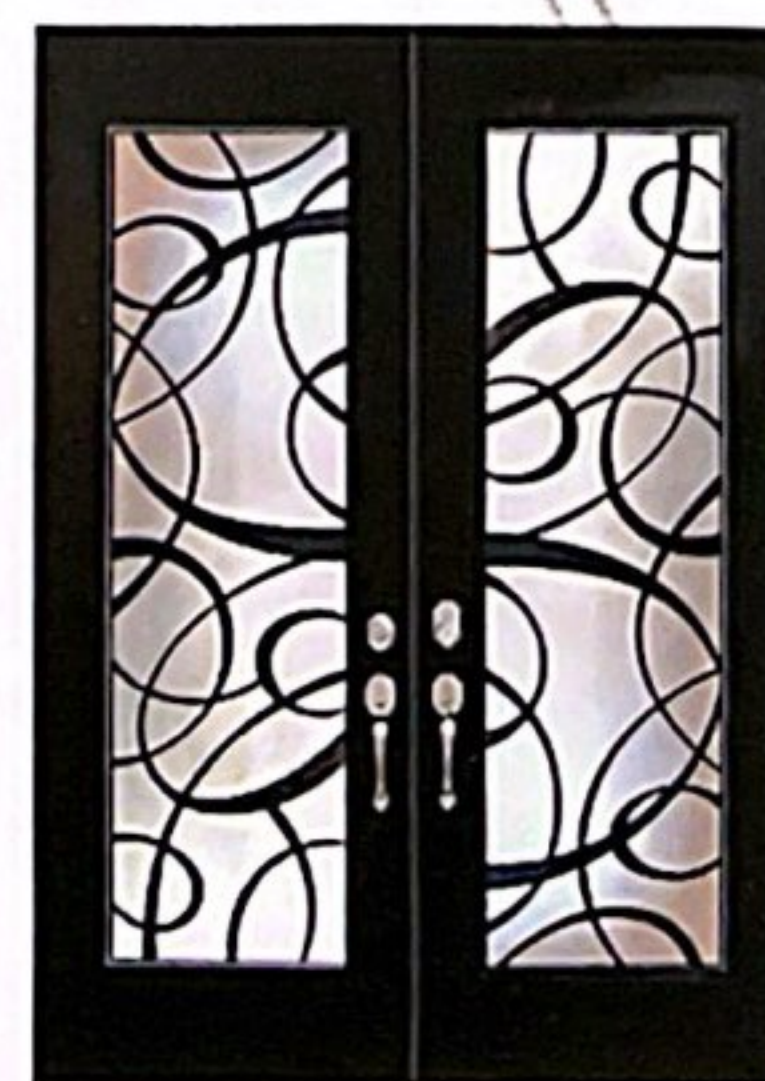

A set of double doors with a large arched transom window above them. All glass panels feature a decorative pattern of overlapping black circles on a light background. The doors have dark frames and matching hardware.

A What A Pane original design.
Laser cut steel is used to showcase a series of
flowing curves for a purely stunning appearance.

Element

22x64

22x80

Element

The flowing, interlocking lines of this wrought iron panel, will suit new and older homes equally.

Enigma

22x64

22x80

Enigma

Geometric, contemporary iron insert.

Featuring wide iron, it is suitable for single or double door installation.

Florence

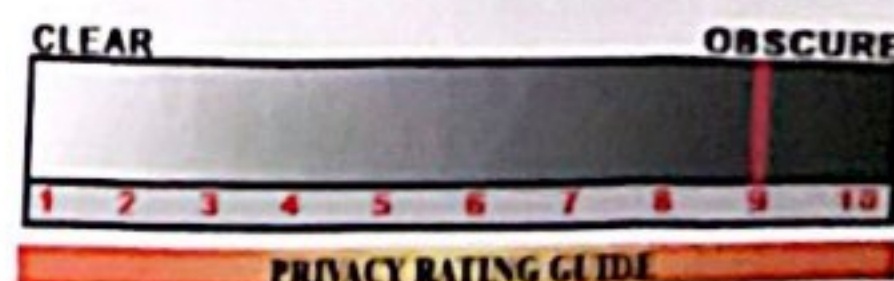

Available in 22X80

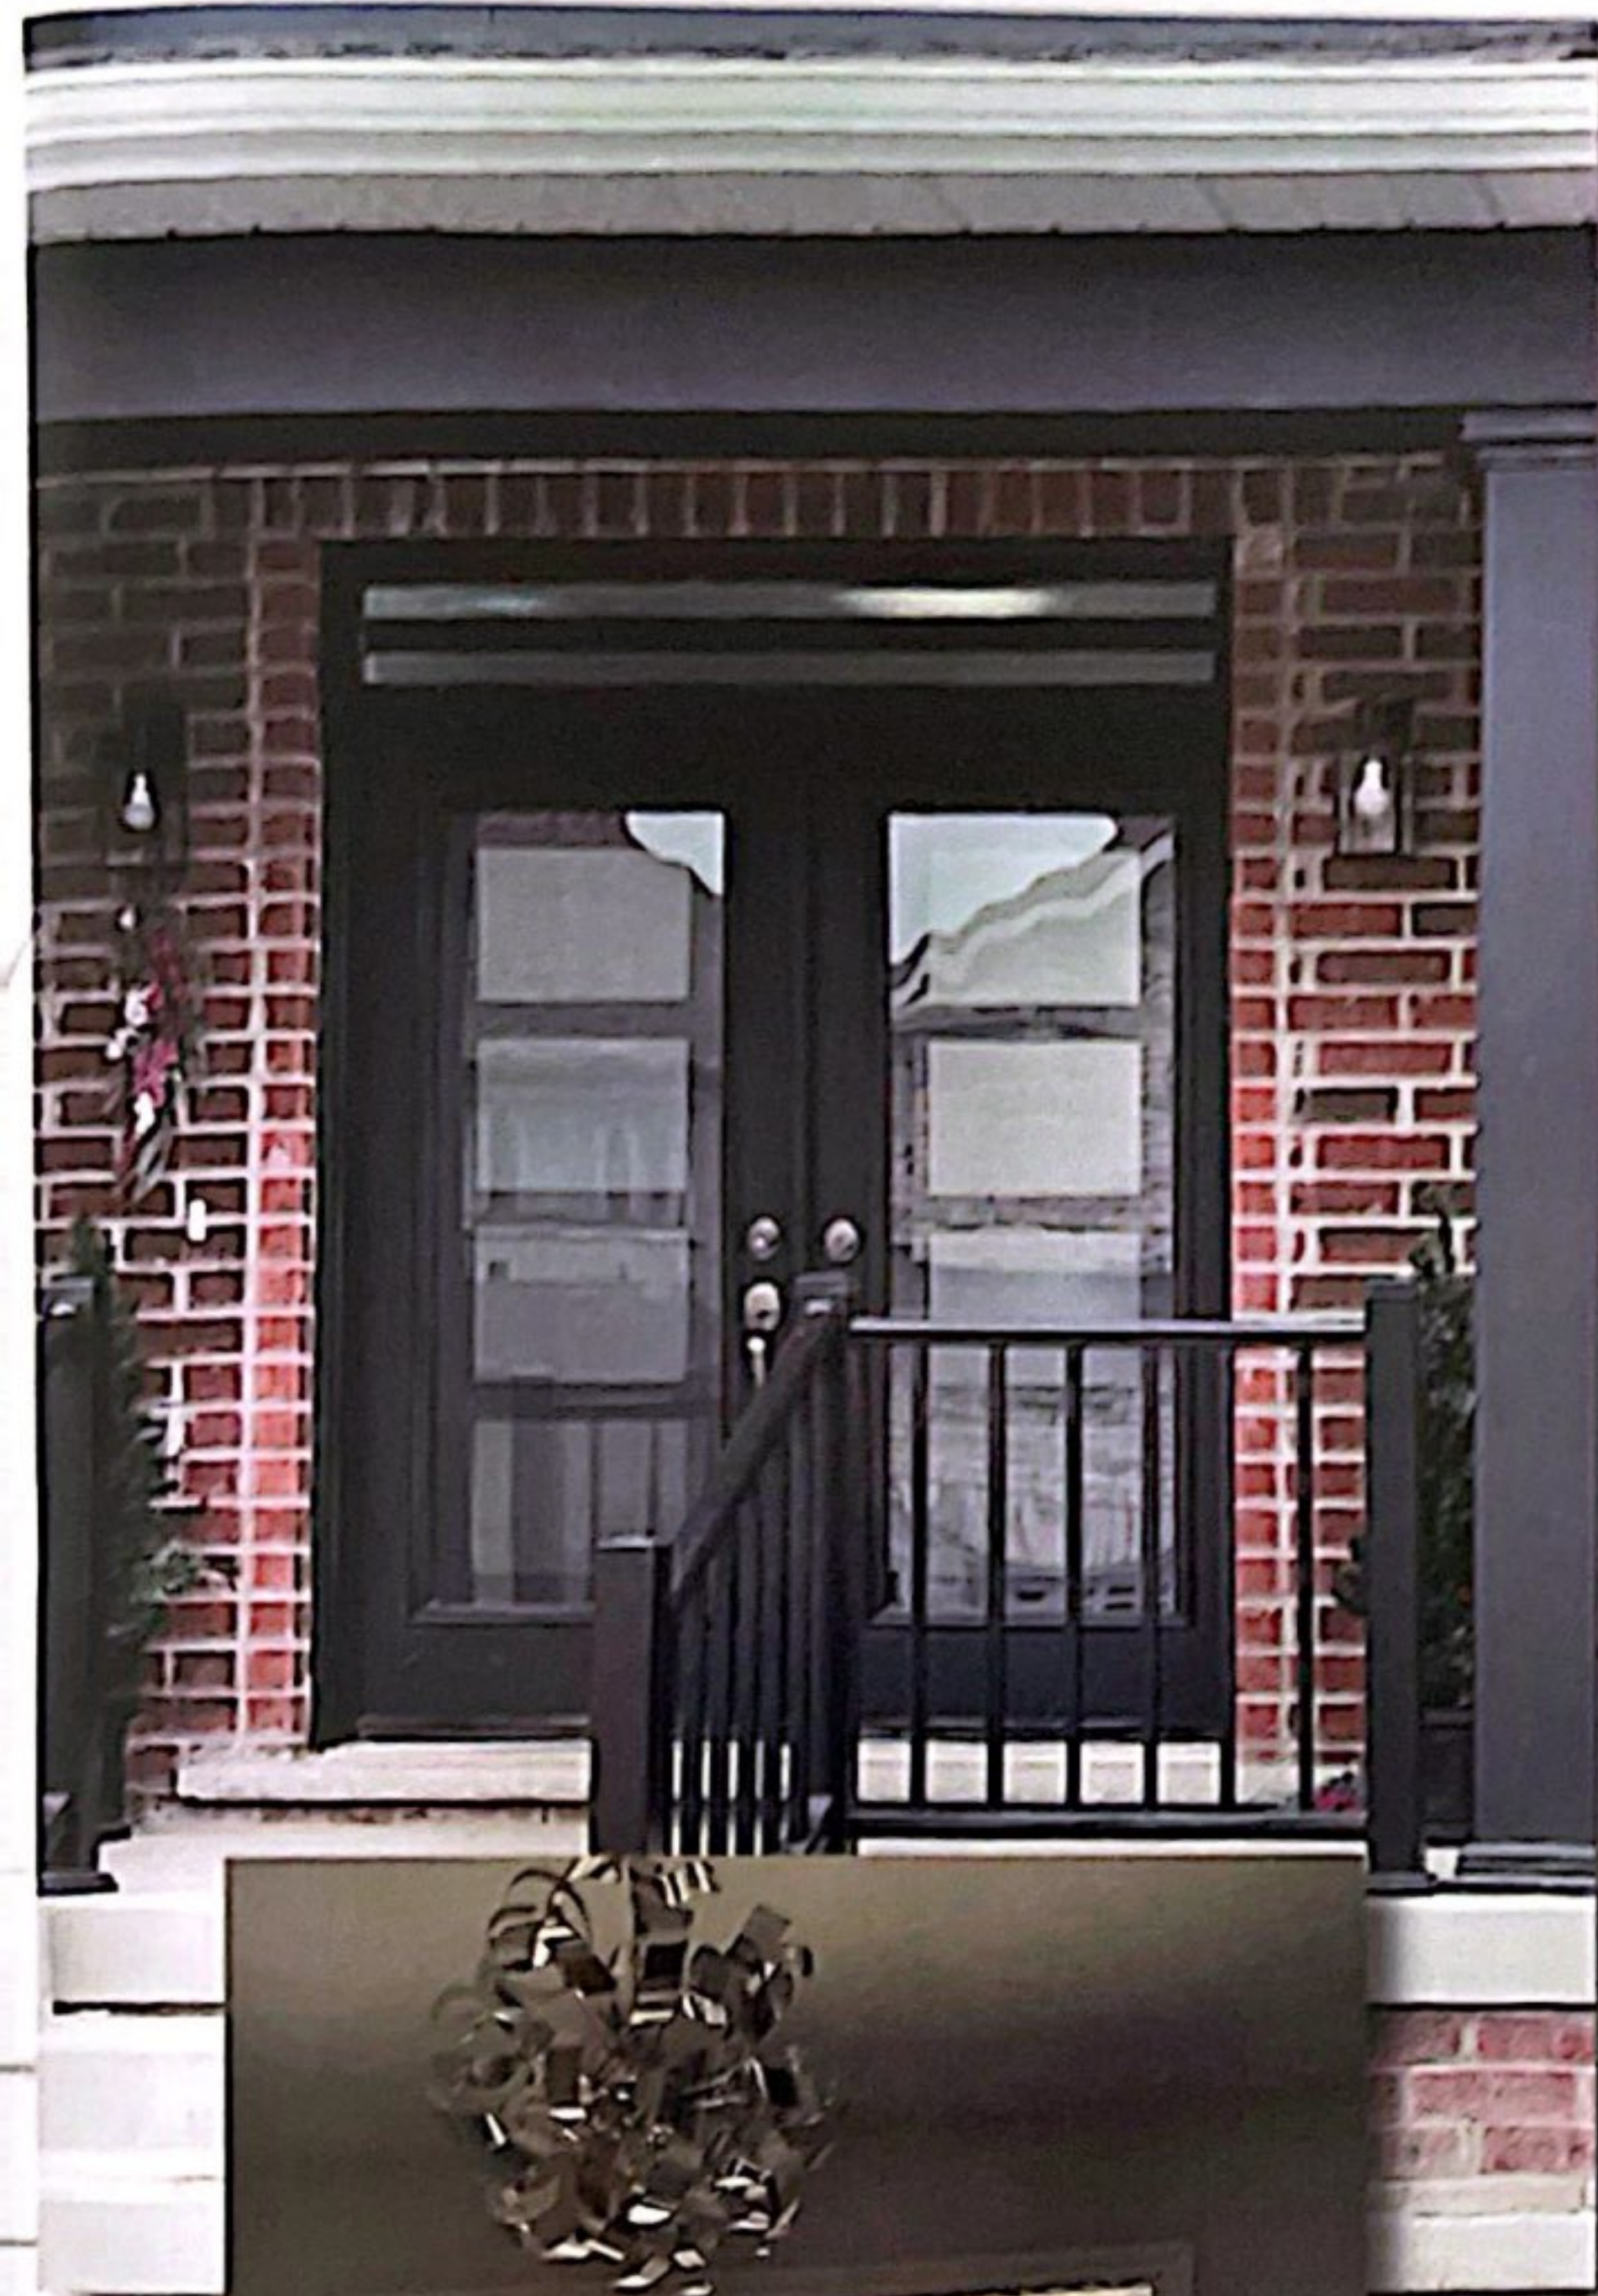

22x64

Florence

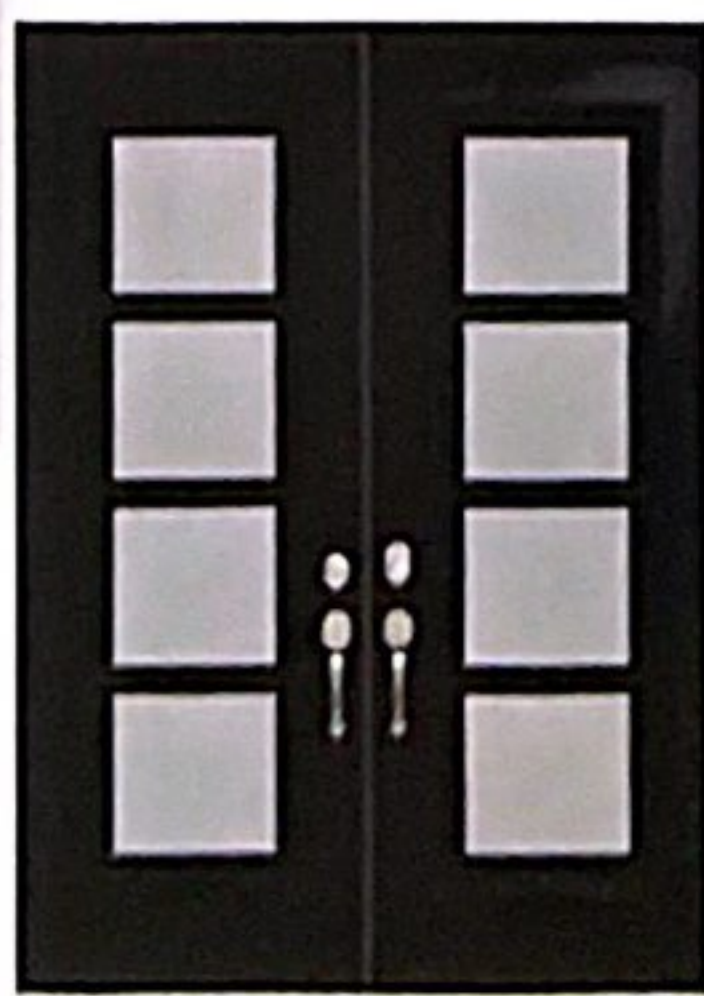

A fine example of a classical iron door insert. Provides an appealing gateway to your house and home.

Glacière

22x64

22x80

Glacière

Unlike wrought iron, which is welded, laser cut has a uniform finish, without weld or grinder marks. Although in a higher price bracket, these inserts are for discerning customers that want quality combined with a luxurious finish.

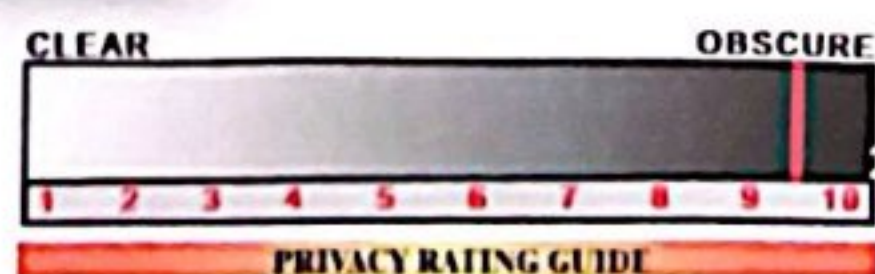

Kudos

Kudos

A combination of two different widths of iron creates this fusion of ancient and new. Popular door insert with high privacy glass.

22x64

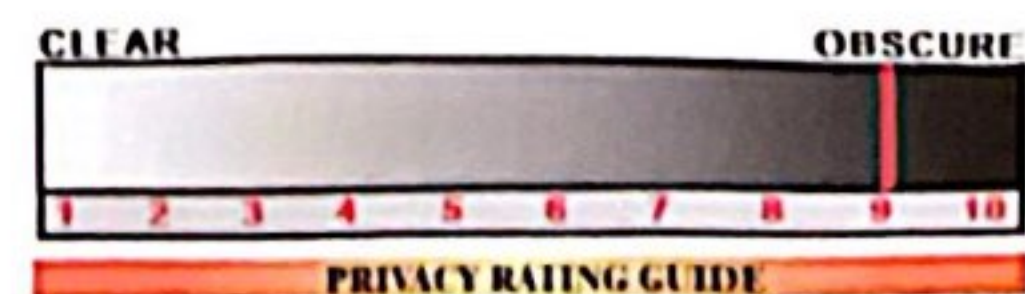

22x80

Magnum

Magnum

A latest creation from our design department. With laser-cut technology, we have produced a door insert with bold lines and a striking modern look.

Majestic

Majestic

Unusual iron elements make this model stand out from less adventurous designs. Great for single or double door applications.

22x64

22x80

Neo

22x64

22x80

Neo

From our design department this highly popular model is a favourite with customers looking for a not-too-busy door insert.

Simplicity

22x64

22x80

Simplicity

Minimal, yet effective.
Reminiscent of the subtle
silk screens from the Orient.

Ultra

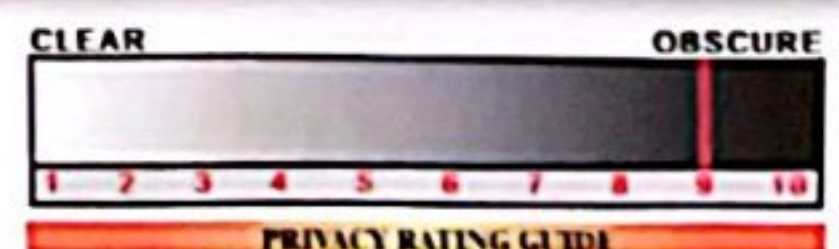

Ultra

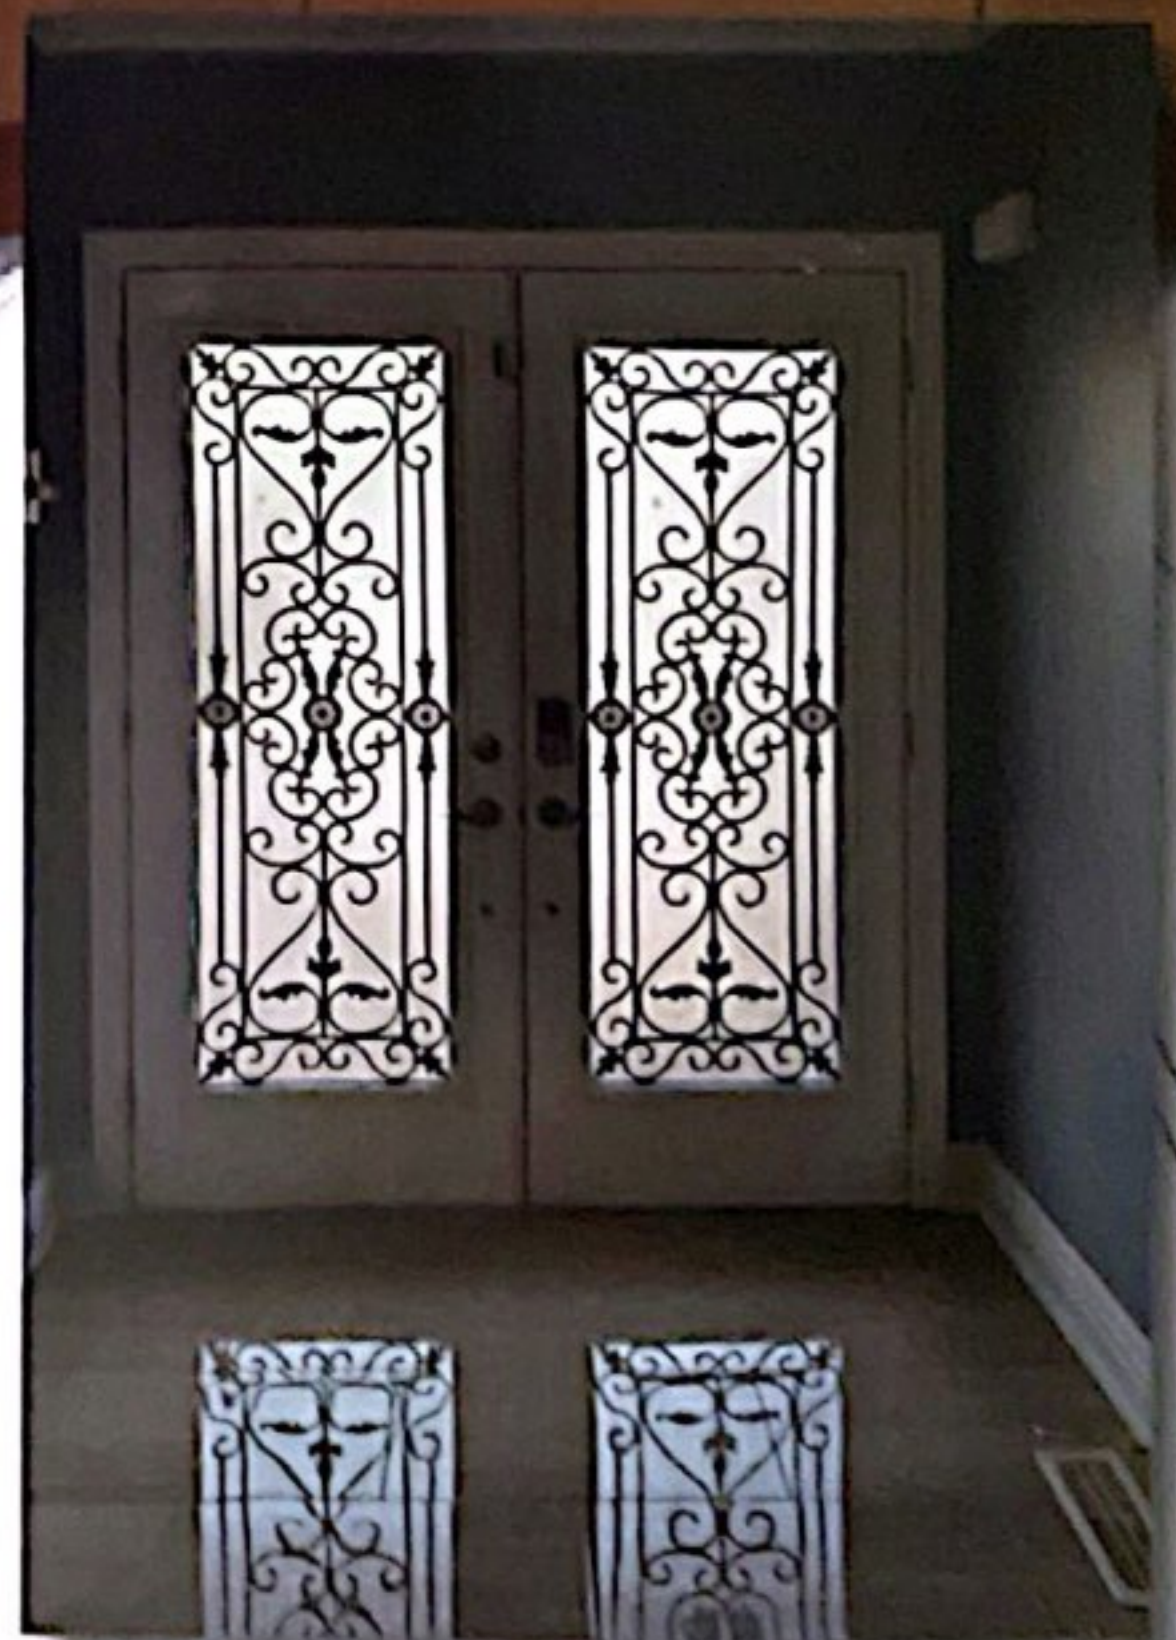

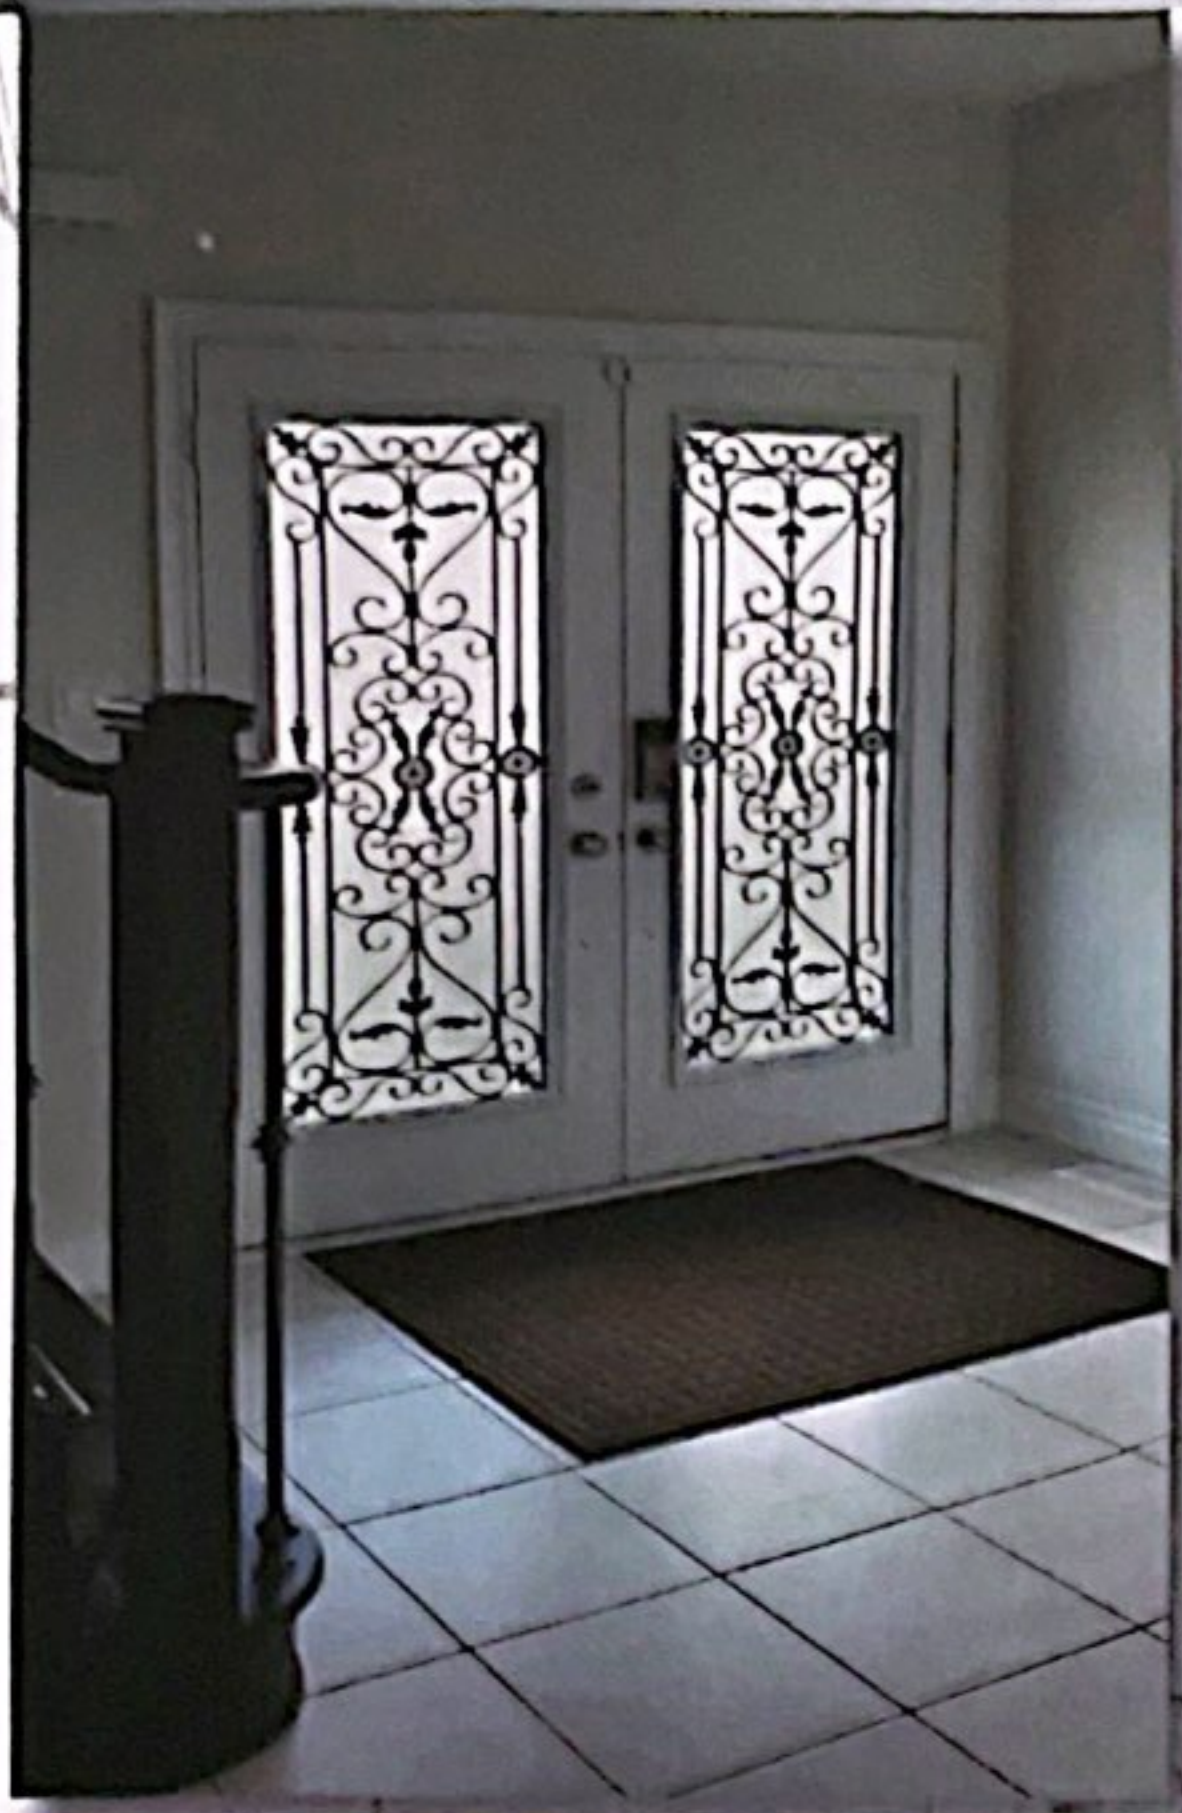

One of our latest offerings from our Design Dept.
Strikingly different with an ultra-modern feel and styling.

22x64

Valencia

22x64

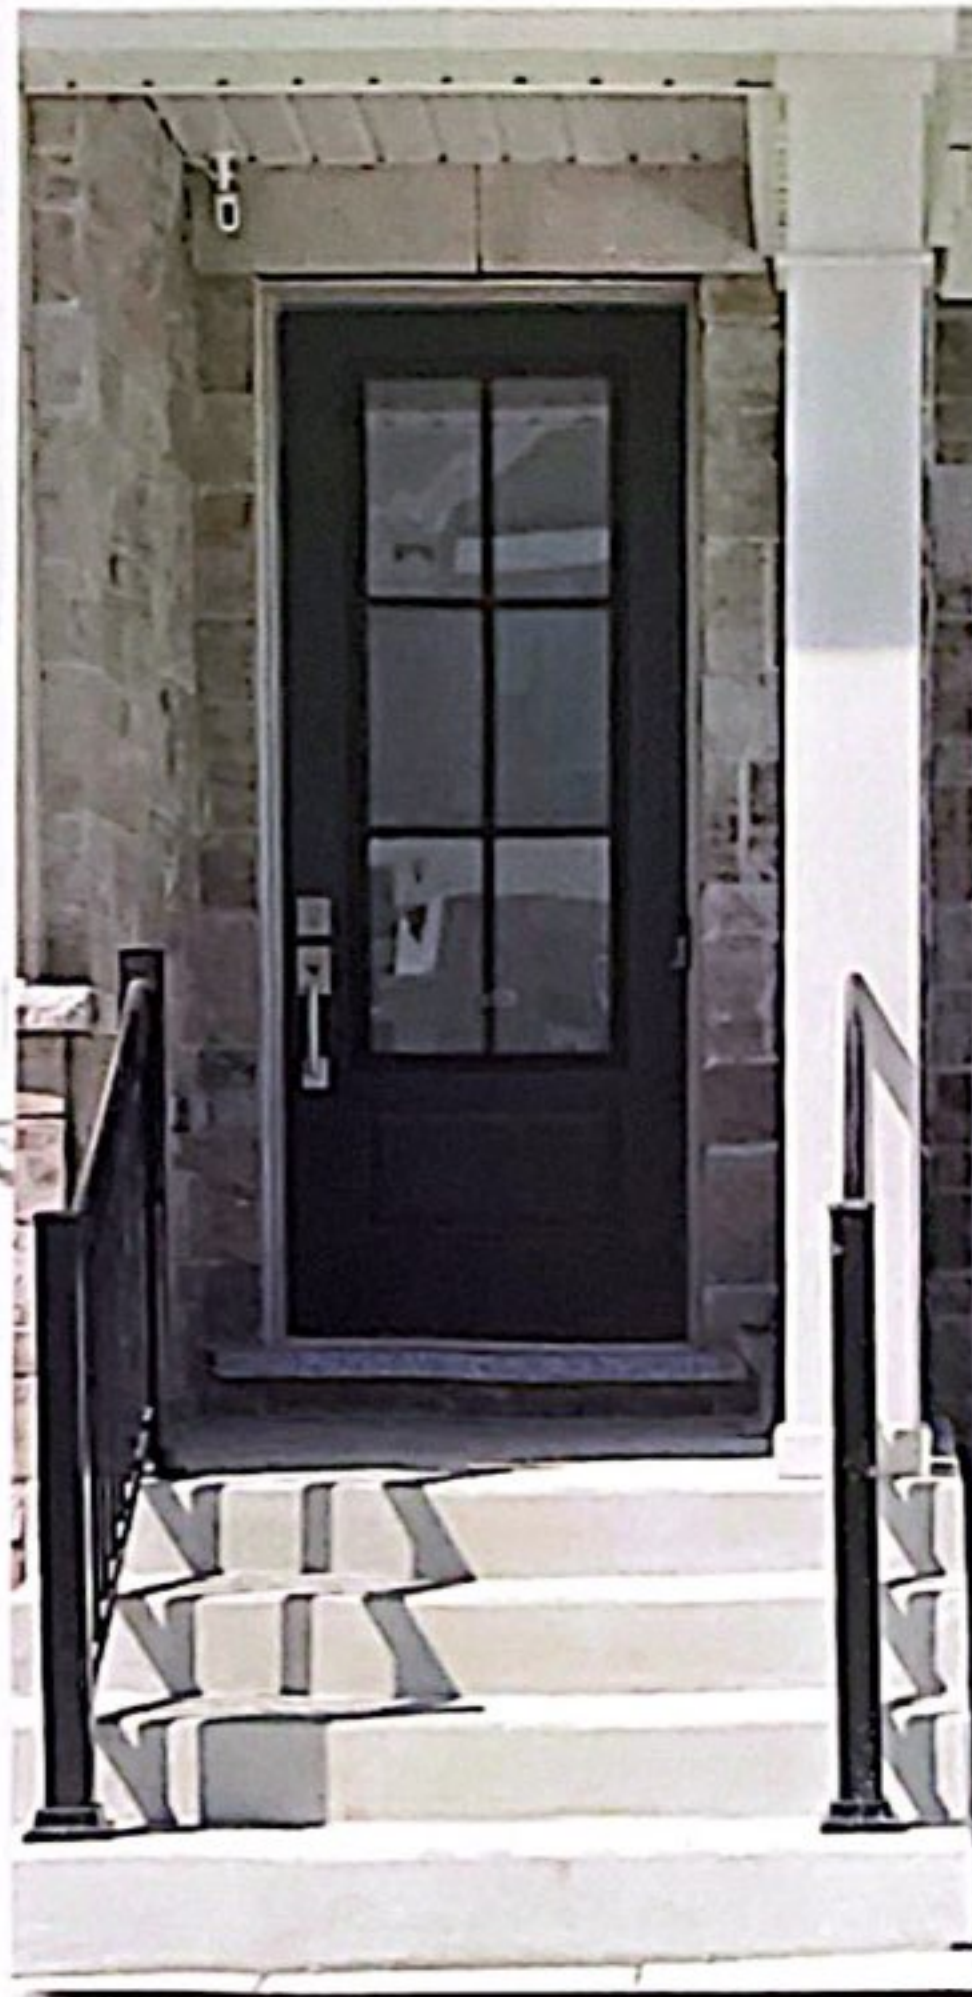

22x80

Valencia

Traditional styling blends with frosted glass to produce a classical design

Vibe

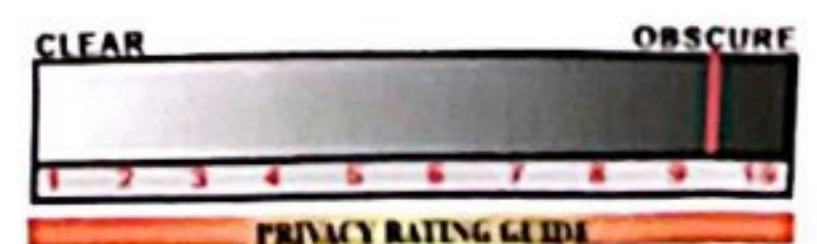

22x64

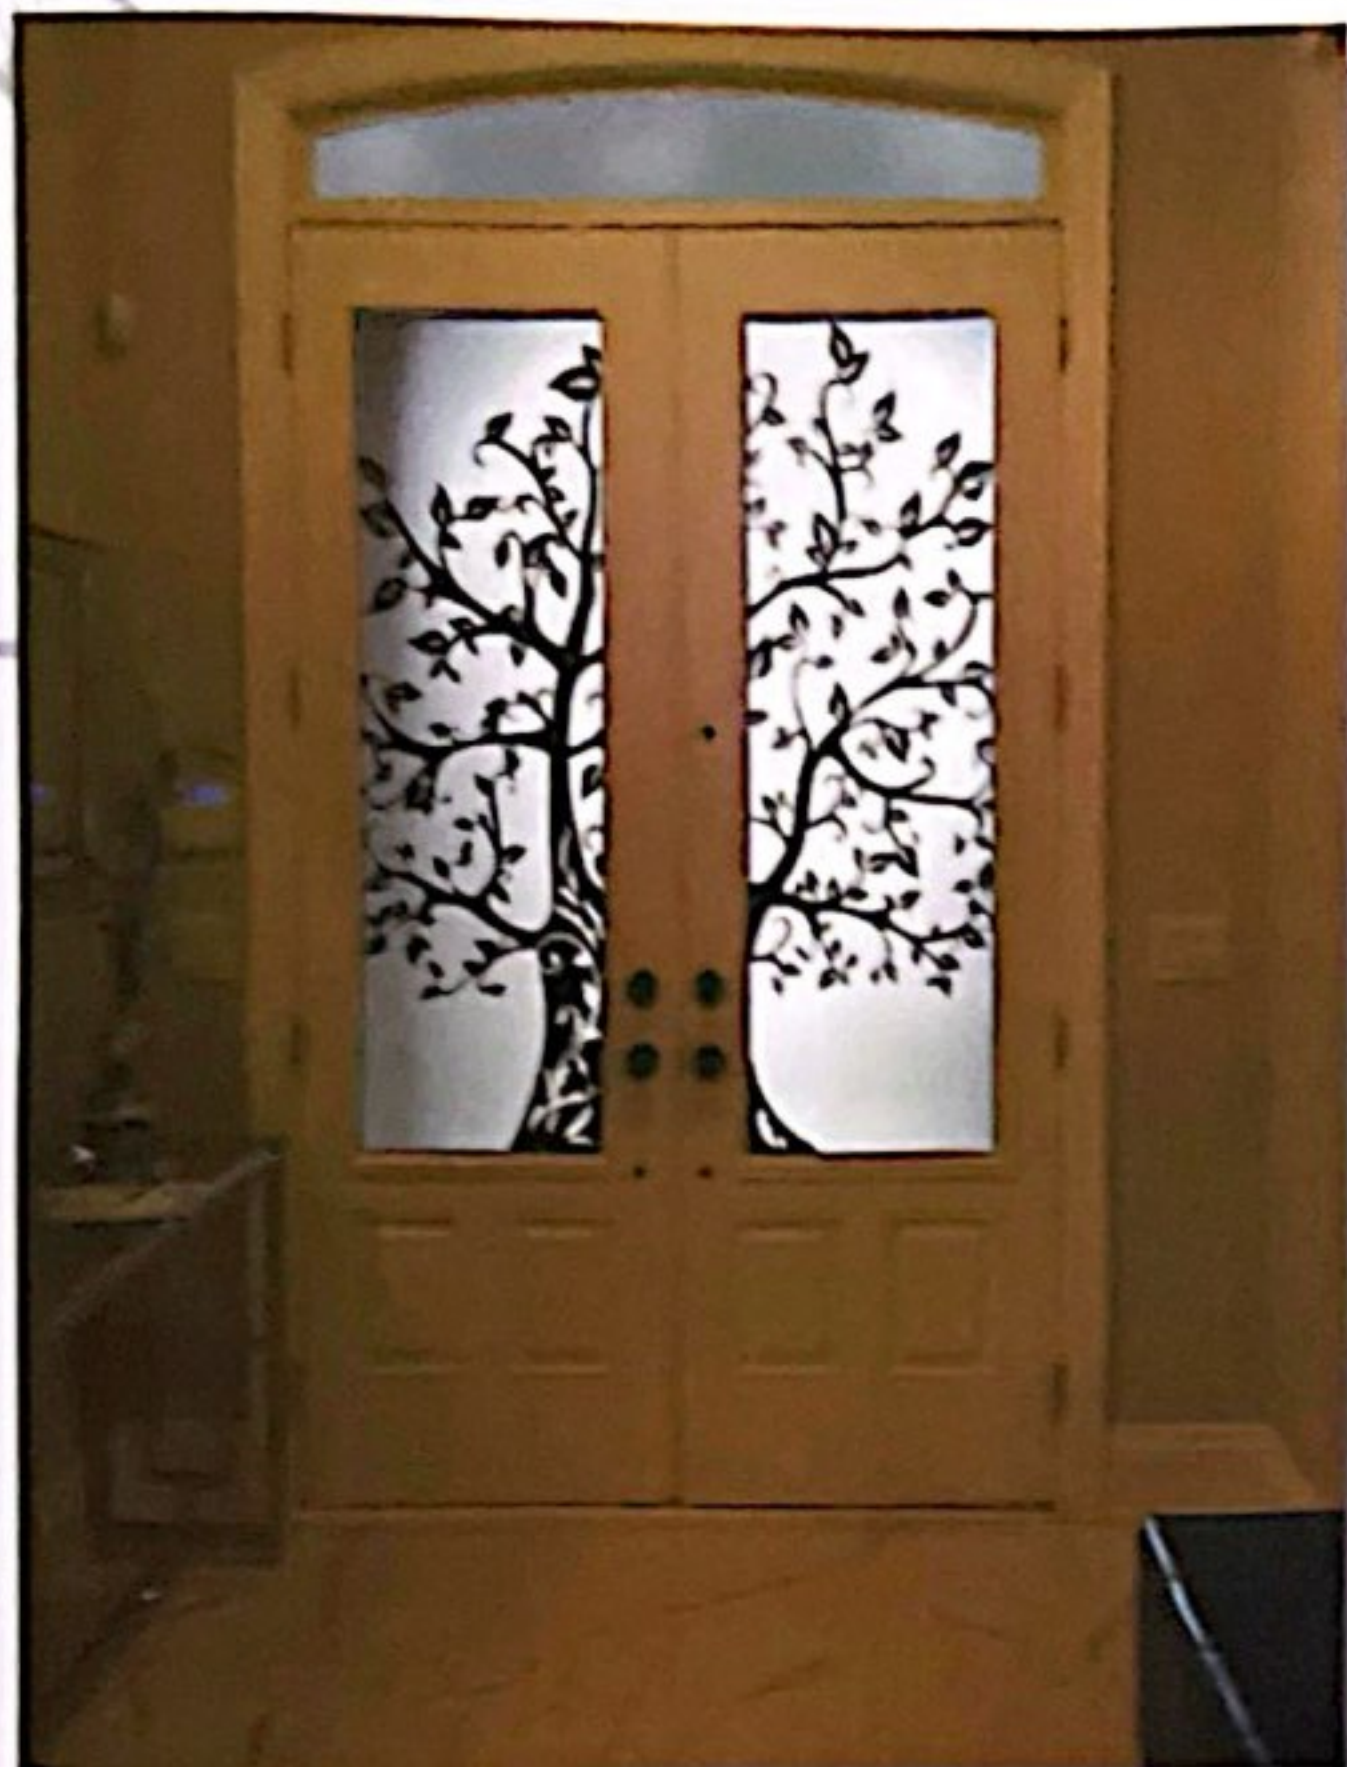

22x80

Vibe

A What A Pane original design. For clients that are looking for a pattern to match their house windows but allowing total privacy. This Shaker-style model is bound to suit

Woodland

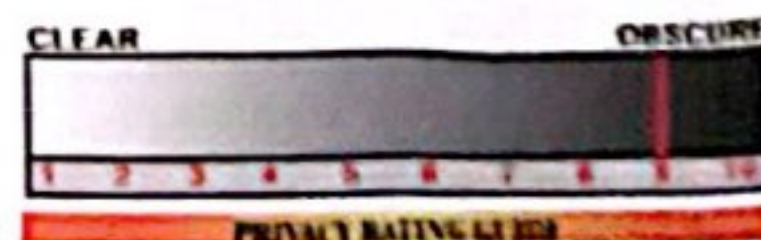

22x64

22x80

Woodland

Laser-cut iron technology allows an intricate design to be made but without the noticeable welds of traditional iron.

This aesthetically, eye-pleasing pattern will make your entranceway come alive with the essence of nature.

Xclusive

Xclusive

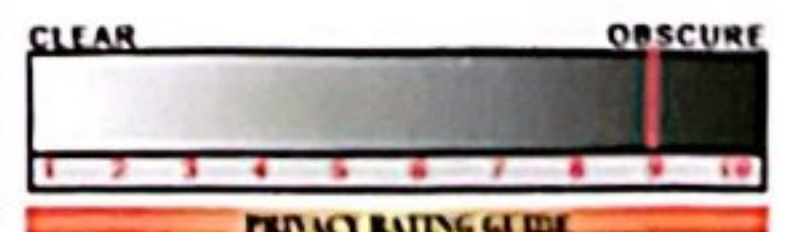

Probably the first iron design to appear on doors and windows. Can be seen on classical Roman buildings. Superb!

22x64

22x80

Dynamik

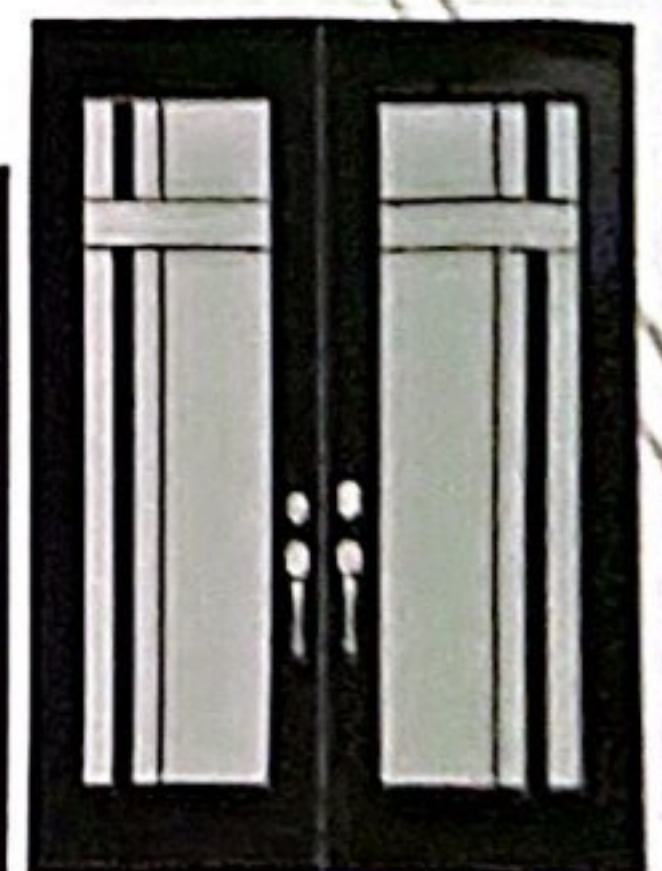

Dynamik

High Privacy glass with a solid black feature, showcasing a very modern look.
Extra wide metal lines for strength and appeal.

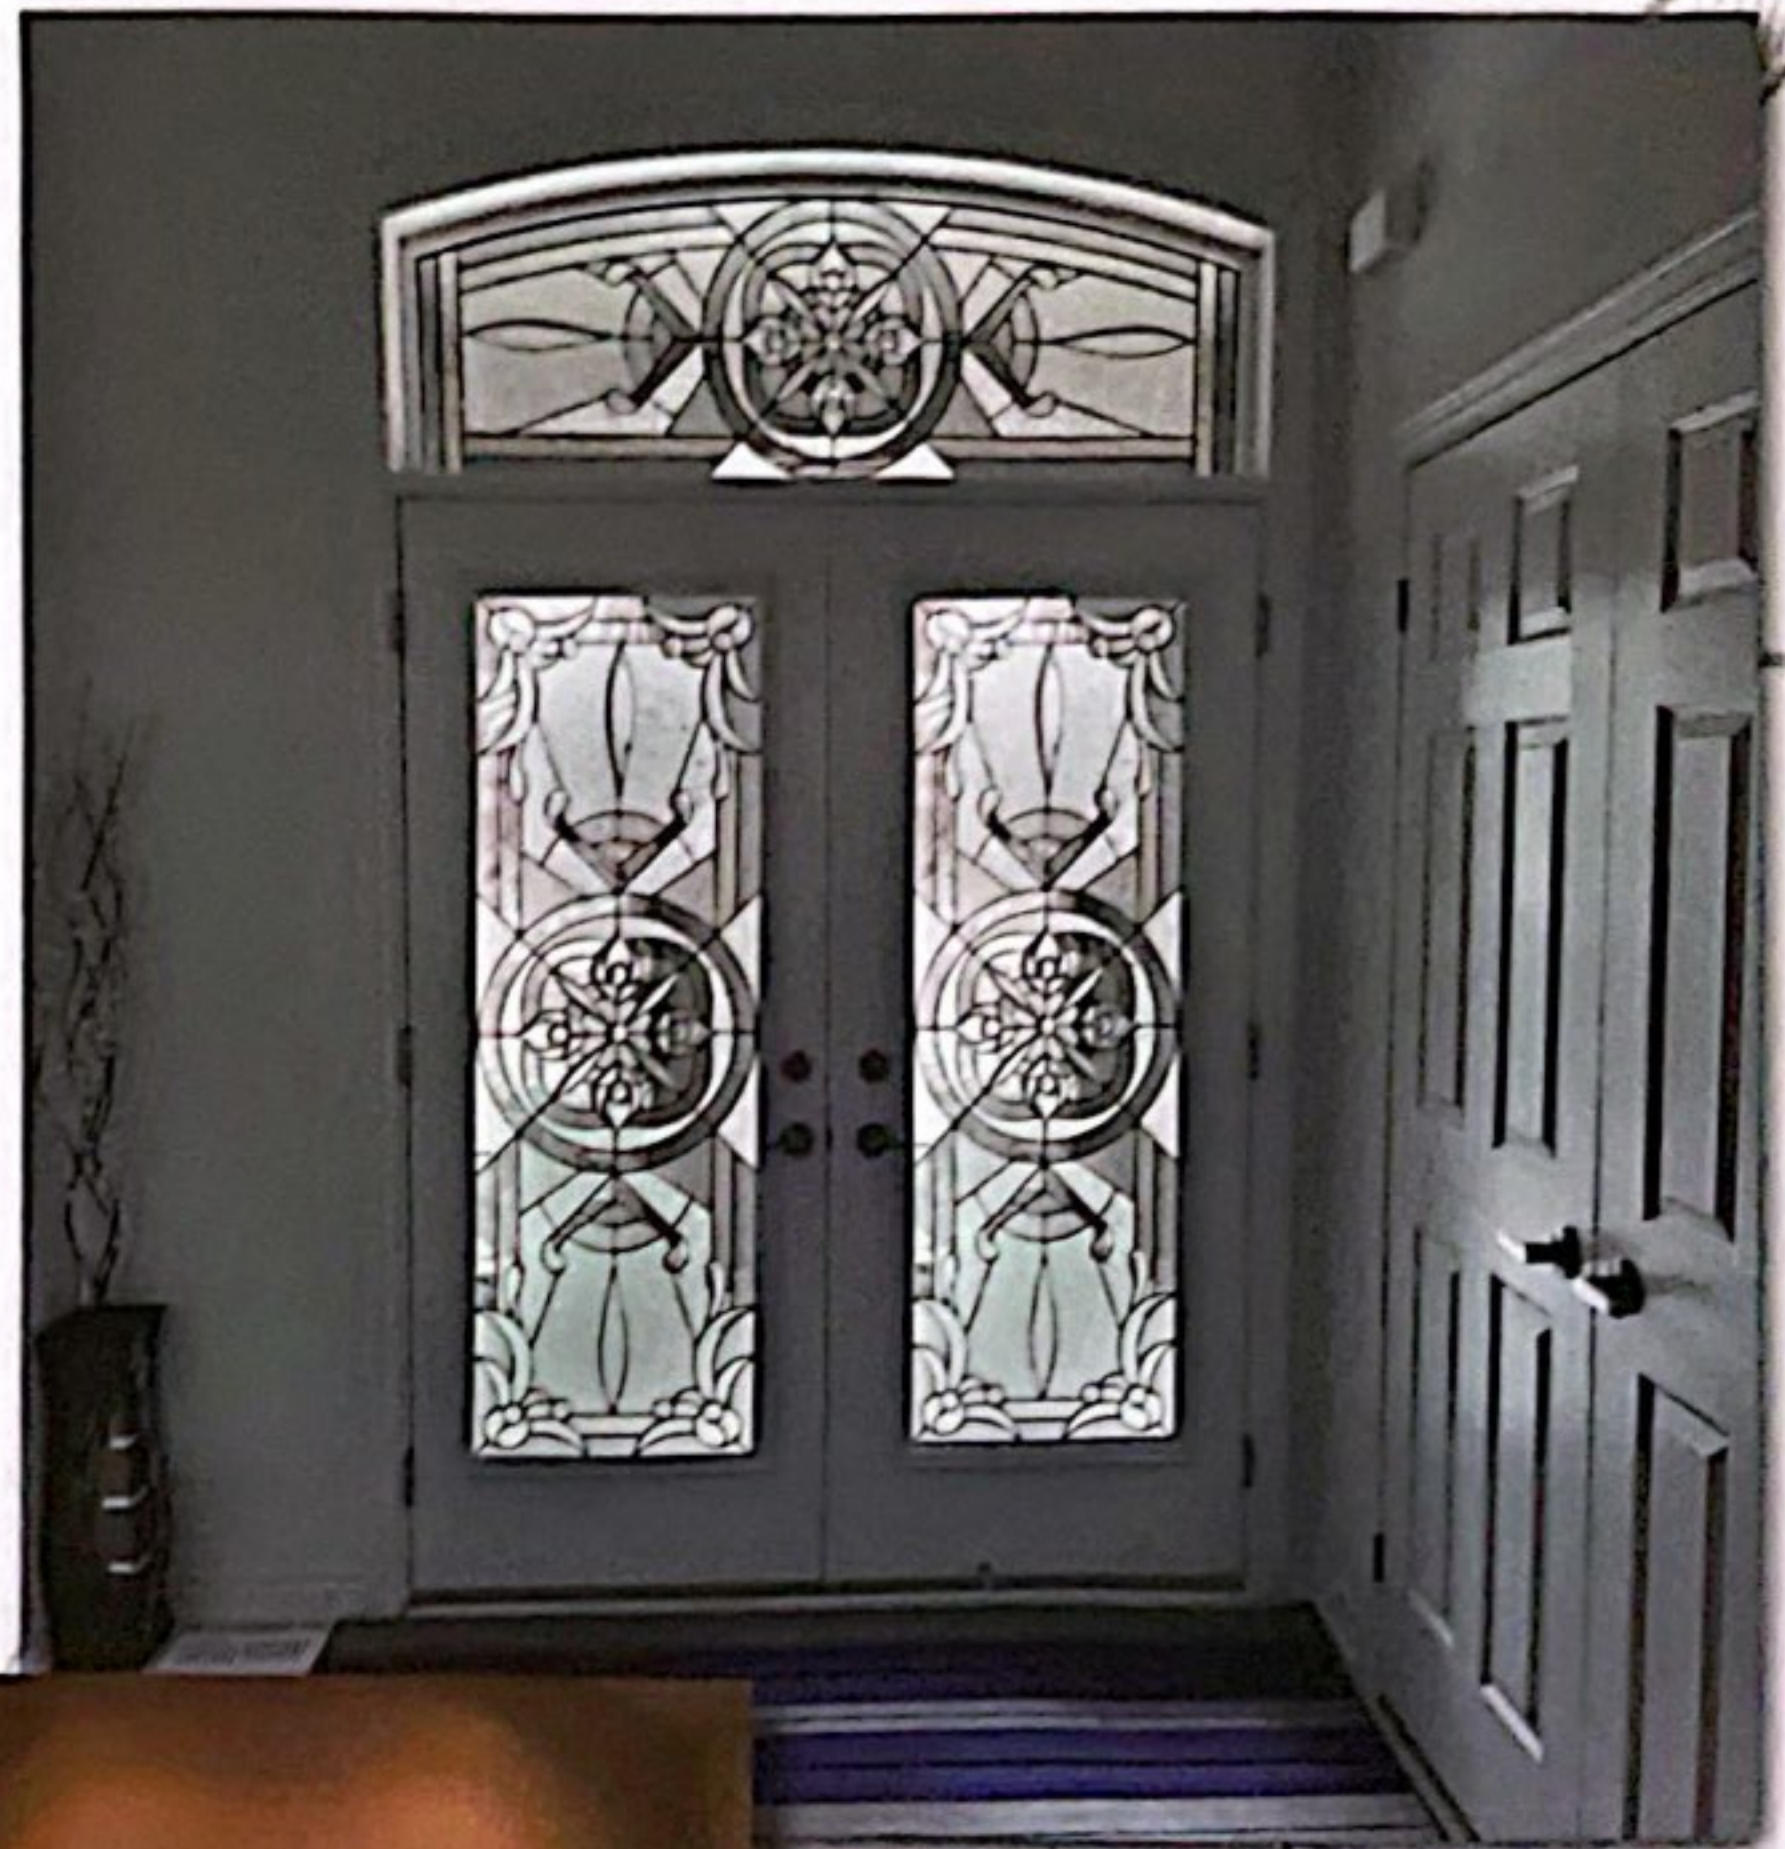

22x64

22x80

Eternity

Eternity
